MEMORANDUM FOR: Chief, Information Control Branch(ICB), IRMD
Office of Information Services

FROM: Records Management Officer
Intelligence Community Staff

STAT

SUBJECT: Secure Address List

The Intelligence Community Staff (ICS) registry has prepared a list of secure addresses for Agency and non-agency Washington Metropolitan area government organizations. This list should be useful to ICB operated Information Service Centers (ISCs) in the mailing of classified documents. We have attached a copy of the list to this memo for your use as you wish. While this list has been prepared from previously issued OS/SSC/CIB and OS/DSB guidance, we recently sent the list to OS for approval.

Let us know if you will use this list in your ISCs and we will provide you with updates. Call me if you have any questions.
